Skills needs, training and education in the paper and printing industries

WORKSHOP - 6 JUNE 2019 - MESSE GRAZ

Industry and education experts are invited to join a Workshop as part of the SPPRING project.

SPPRING will identify skills and educational needs in the pulp and paper manufacturing and paper-based printing industries. This will inform an EU skills and recruitment strategy to upskill and enhance the availability of the future workforce.

Experts from companies, VET, schools and universities, ministries, and recruitment agencies will have the opportunity to discuss the results of an EU-wide survey taken by industry stakeholders.

The Workshop runs parallel to the [Paper & Biorefinery Conference](#), 5-6 JUNE 2019. This event is free to attend. On **7 JUNE 2019, 09:00-12:30**, attendees are invited to join a trip to the Sappi paper mill in Gratkorn.

For more information, contact Intergraf (ascanlan@intergraf.eu)

Join us as a key SPPRING project stakeholder and participate in the survey!
